

Students will more than sit in the **Us** chair ...
... They'll own it.

Points of Interaction

Designed as a personal work space for learning, the **Us** Tablet Arm Chair from American Seating lets students own their comfort zone. The **accessible** bag hook keeps long-term supplies at hand and off the floor. The side rack is ideal for **transitioning** between materials, keeping them organized and within reach. The dedicated cup holder provides a place for **nourishment**. The versatile chair system manages students' personal items while they **focus** on learning.

■ Cup holder available in Cool Cement.

■ ■ Wire accessories available in the four **Us** Chair paint colors.

Stacking Efficiency

Students, professors and faculty love the **Us** Tablet Arm Chair. Its unique ability to stack six high is perfect for multiple-purpose rooms and diverse capacity needs. The versatile design also allows multiple teaching configurations to support lecture-style learning, discussion groups and peer-to-peer collaboration.
